

# Heritage Mainline Train Journeys 2026

# Welcome Aboard

## The Experience

We recreate a time when travel itself was part of the pleasure. Our trains run to memorable destinations across Britain behind historic steam or heritage diesel locomotives, and whether you are heading to the seaside, a cathedral city, or over the Settle and Carlisle line, the journey matters as much as the destination. Open the window and feel these remarkable machines at work.

## The Locomotives

Our superbly restored express steam locomotives are some of the last working examples of their type, maintained at our historic Tyseley locomotive works and run on Britain's main line, not as museum pieces but as living machines. Selected journeys are hauled by heritage diesel locomotives through some of Britain's most rewarding scenery.

## The Hospitality

Our coaches range from comfortable standard class to authentic vintage Pullman Cars and First Class carriages, all with generous picture windows. Pullman passengers enjoy a full English breakfast, Sunday lunch, afternoon tea or 4-Course Dinner, while First Class features coffee & croissants and afternoon tea or on selected journeys a 2-Course evening meal on the return. Standard class passengers are welcome to bring a picnic, with beers, soft drinks and other refreshments also available from our buffet.

## The People & The Routes

Our stewards, footplate crew and support team are largely long standing volunteers, and their professionalism and quiet enthusiasm create an atmosphere that is both relaxed and distinctive.

We run to York, Llandudno, Scarborough, Plymouth and Portsmouth, and operate the popular *Shakespeare Express* to, and *Shakespeare Pullman* from, Stratford-upon-Avon. New this year are routes through Central Wales and over the Cambrian mountains to the Talylyn Railway, founded by pioneers closely connected to our own history.

For full information and to book please visit [vintagetrains.co.uk](http://vintagetrains.co.uk).

We look forward to welcoming you aboard!

“Been on Vintage Trains numerous times and they never disappoint! The staff are always lovely and enthusiastic not to mention the lovely, comfy coaches and brilliant tours that are planned.”

# Pullman Restaurant Car Service

## Dining in Style

Pullman dining offers passengers a full restaurant car service in one of our authentic 1960s Pullman Cars, with at table service as the Great British countryside gently passes by your window.

You will be seated at tables of 2 or 4, laid with crisp white linen, fresh flowers and fully dressed with crockery and glassware. As you relax in the comfort of your seat, a Full English Breakfast will be served alongside tea, coffee, water or orange juice.

After several hours sightseeing at your destination, you will be welcomed back onboard with a drinks service, followed by your 4-Course evening dinner.

Our food is freshly prepared onboard by our chefs and served at your seat, while you relax and watch the British countryside passes by your picture windows, accompanied by the sound of the locomotive working hard.

We offer seasonal menus, including festive menus on our Christmas trains, so if you travel several times through the year you will be sure to enjoy food crafted from the finest British ingredients, celebrating unique flavours of the season.

Seating at a guaranteed table for 2 people is available in Pullman, subject to availability and payment of a supplement.

# Seating to Suit Every Traveller

## First & Standard Class

First Class passengers will travel in one of our British Railways Mk1 carriages at tables for 2, tables for 4 or up to 6 people in a private compartment. Reservations at tables for two and for private compartments may be made on payment of a supplement.

Upon boarding, you will be served a light breakfast of croissants and pastries, with tea and coffee. On the return journey, an afternoon tea will be waiting at your table for you to enjoy as the countryside and townscapes pass by your window.

On some journeys, there will be the option of dining or non-dining First Class seats. The dining option will feature the light breakfast, as well as a 2-Course evening meal.

In Standard Class, seating is arranged around tables for four people. You can pre-order bacon rolls for the morning or an afternoon tea, for an additional charge, each delivered to your seat, with a cup of tea or coffee. A buffet car is also available onboard offering light refreshments including snacks, tea and coffee, soft drinks, wines and beers.

Embark on a classic mainline, steam-hauled, adventure this Spring that traverses two of Britain's most well known routes - the West Coast Mainline over Shap Fell and the famous Settle & Carlisle.

This memorable journey heads North West to Carlisle, a 2000 year old city with plenty of history to discover. While the city is famous for Hadrian's Wall, there is much more besides including the Cathedral, Castle and several museums and galleries all for you to explore.

The route will see the train tackle Shap Fell, long regarded as one of the great challenges of the West Coast Main Line and a highlight for railway enthusiasts. The return follows the legendary Settle & Carlisle line, renowned for its dramatic landscapes, remote moorland scenery, and iconic viaducts, including the magnificent Ribbleshead Viaduct.

Both the ascent of Shap and the return over the Settle & Carlisle will see the train unassisted by diesel locomotive, showcasing the power of the steam locomotive over challenging routes.

We are delighted to announce that this train will be steam hauled throughout, by special guest locomotive 60163 'Tornado', courtesy of the A1 Steam Locomotive Trust.

The Talylyn Railway Preservation Society (TRPS) was formed in Birmingham in October 1950 and we are proud to be connected with this pioneer organisation through our own founder, Pat Whitehouse who was the first secretary to the TRPS and so involved with the voluntary preservation railway movement from the outset, later going on to found our own charity, Vintage Trains Charitable Trust.

To celebrate this connection and the Talylyn's 75<sup>th</sup> Anniversary of the world's first volunteer run train service, join us as we create history by running our inaugural train over the scenic Cambrian Coast line this April.

*The Cambrian Coast Express* will take passengers from the Midlands to Tywyn or Pwllheli on the Cambrian Coast, featuring;

- Double headed Talylyn Railway special train with both original locomotives: No. 1 'Talylyn' and No. 2 'Dolgoch'
- From Shrewsbury to Pwllheli (and return) our train will be hauled by one of Network Rail's class 97 English Electric Type 3 diesels double heading with our own 37240, calling at Tywyn for the Talylyn Railway.
  - The excellent Narrow Gauge Railway Museum at Tywyn Wharf will be open for passengers

This Spring we head to the North Wales coastal town of Llandudno, with this journey coinciding with the town's annual transport festival and Victorian Extravaganza.

Departing from Birmingham in the morning, the train will join the West Coast Mainline at Nuneaton, heading northwards to Chester where the train reverses, with the journey from here to Llandudno diesel hauled.

The Llandudno Transport Festival is the largest in Wales and one of the UK's best-loved events, held in conjunction with the Victorian Extravaganza. Costume, vintage fairground and a host of attractions combine in a unique annual celebration of transport and entertainment heritage within the town.

Besides the events taking place in the town, this coastal resort also boasts a Victorian Pier and its own mini-mountain, Great Orme, which can be walked up or why not take the historic Great Orme Tramway to the summit instead.

After a few hours at your destination, we welcome you back aboard the train for the return journey to the Midlands.

50 years ago D1015 Western Champion operated the final trains in its British Railways career, following 13 years of working across the Western Region from depots such as Old Oak Common and Laira.

To celebrate this anniversary, we have created The Golden Hind a train that will take you across former Western Region routes in the Midlands, the Great Western Mainline and climbing the Dainton and Rattery banks in the South West and running along the famous Teignmouth estuary and Dawlish sea wall, recreating the heyday of the Westerns from the 60s and 70s when you could see these iconic diesel hydraulics locomotives at the head of expresses across the Western Region.

Departing Birmingham in the morning, the train follows the former Western Region route down to Paddington, turning at Greenford Triangle. From Paddington to Plymouth and return, Western Champion hauls the train unassisted via Westbury. Featuring fast running from London Paddington over a route described as “Brunel’s Billiard Table”, over the challenging gradients in South Devon, this journey has everything you could want, to see the diesel hydraulic at its best over the routes it once ruled.

In late Spring, we journey south to Somerset, combining the best of mainline and heritage railway steam hauled train travel. It is planned that a pair of Manors, two of 7802 'Bradley Manor', 7812 'Erlestoke Manor' or 7828 'Odney Manor', will be double-heading the train over the West Somerset Railway, subject to availability.

Our route offers a wonderfully varied journey, blending main line running with classic rural scenery as our train makes its way toward Minehead, gateway to Exmoor and one of Somerset's most charming seaside towns. The sight and sound of steam in motion create a powerful sense of nostalgia, making the journey every bit as memorable as the destination.

Included with your ticket is the trip along the West Somerset Railway, offering passengers a relaxing journey through the Somerset countryside before alighting at Minehead.

On arrival, there is time to enjoy Minehead's seafront, harbour, and relaxed coastal atmosphere. Combining timeless appeal, coastal charm, and the unmistakable drama of steam, *The Whistling Ghost* to Minehead promises a memorable day out for enthusiasts, families, and lovers of classic train travel alike.

This train was postponed from Saturday 11<sup>th</sup> April to Friday 12<sup>th</sup> June.

*The Cathedrals Express* heads to the North East and the Cathedral city of Newcastle for the first time, since 7029 *Clun Castle* departed the city in 1967.

The train will journey from Birmingham, through the East Midlands, before steaming into Yorkshire and stopping at the historic city of York. Here passengers can choose to alight to stroll down the famous 'Shambles', marvelling at York Minster or visiting the admission-free National Railway Museum. Passengers can also join at York for steam hauled trip to Newcastle and return.

On arrival in Newcastle, there is time to explore this vibrant city, from its historic quayside and iconic bridges to its rich cultural and architectural heritage - made all the more special by the presence of a *Castle Class* locomotive in the city once again.

The *Cathedrals Express* to Newcastle is more than just a day out, it is an incredibly rare opportunity to travel behind *Clun Castle* to a city that the locomotive hasn't been to in 58 years!

One of our most popular journeys, The White Rose, returns this Summer to transport passengers from the Midlands to the heart of Yorkshire and onwards to Britain's first seaside resort at Scarborough.

Travelling from West to East across the Midlands, our train turns northwards arriving at the historic city of York in the early afternoon. Here passengers can choose to alight and explore the history, majestic Minster and the rich railway heritage at the National Railway Museum. We will also pick up those passengers joining at York for the return trip to Scarborough.

We arrive into Scarborough station, home to the world's longest platform seat, and passengers can head into the town to enjoy an afternoon by the sea, explore the castle or take a journey on the North Bay Railway, Britain's biggest miniature railway.

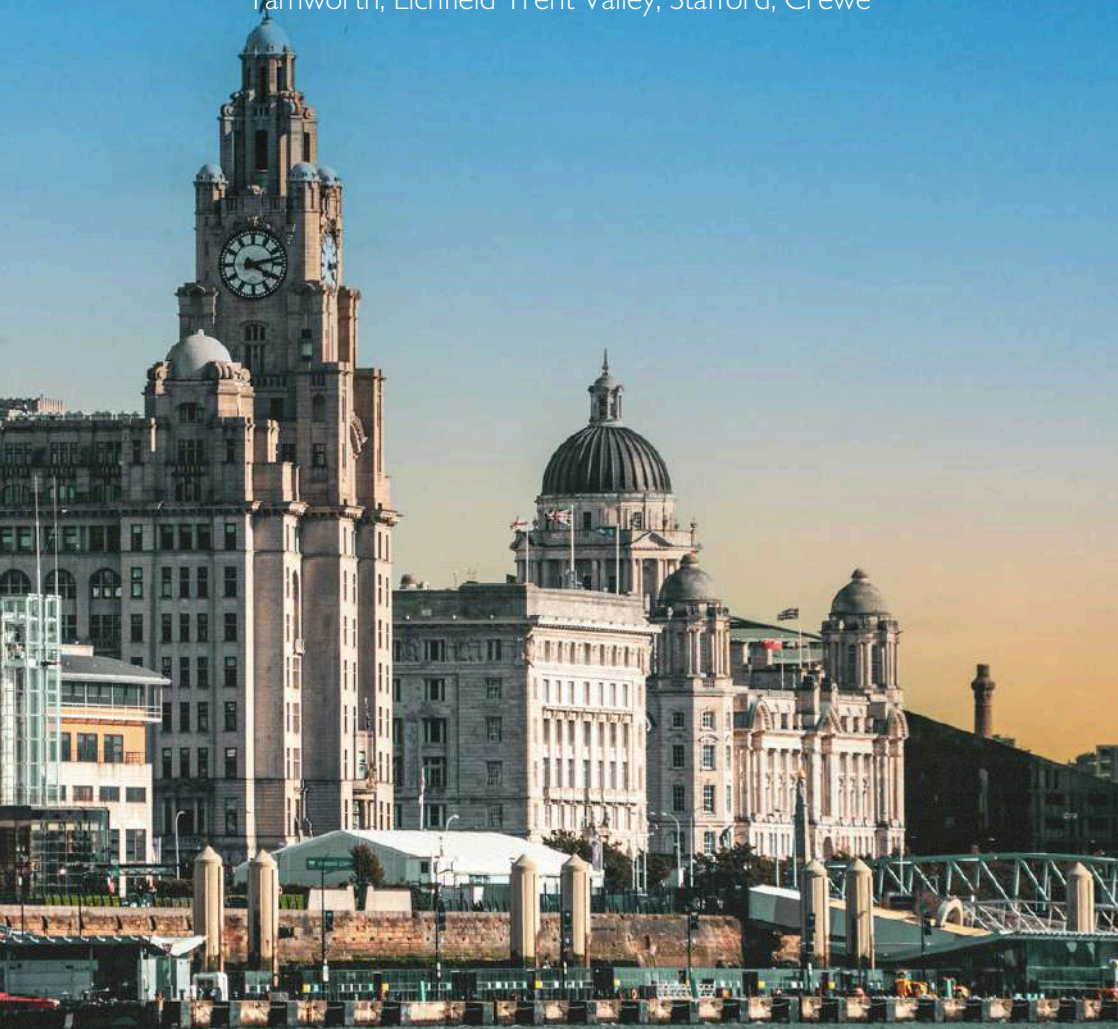

Later in the day we welcome our passengers back onboard as we first return to York and then onward to the Midlands after an unforgettable day out by steam train to Yorkshire.

This Summer, we will be taking one of our Castles from the industrial heartlands of the Midlands to the great port city of Liverpool.

The Cathedrals Express departs Birmingham, where the train makes its way out to Nuneaton. Here it joins the West Coast Mainline and ventures to the North West via the famous railway town of Crewe.

On arrival in Liverpool, a city steeped in maritime, musical, and railway history, there is time to explore the revitalised docks, museums, and city centre before the return journey south.

The journey will be diesel hauled between Birmingham and Nuneaton in both directions, with steam leading the way from Nuneaton to Liverpool and return.

In partnership with Mersey Ferries, we pleased to be able to offer our passengers a special discounted rate of £11 per person on Liverpool's ultimate sightseeing experience on a 50-minute River Explorer Cruise. All you need to do to get this price is show your Vintage Trains ticket at the Pier Head ticket desk.

This Summer we venture to the south coast once again, taking *The Cathedrals Express* to the historic Cathedral and naval city of Portsmouth. Located in the Solent, the city has a rich history dating back to the Romans and has for centuries contained a significant Royal Naval dockyard.

Departing from the Midlands, the train led by our Class 37, heads south through the English countryside, picking up at another cathedral city, Oxford, one of several cities that give the train its evocative name.

The destination is Portsmouth, long associated with the Royal Navy and Britain's maritime heritage. On arrival, there is time to explore the historic dockyard, home to famous ships such as HMS Victory and Mary Rose, stroll along the waterfront, or enjoy views across the Solent to the Isle of Wight.

Whether you are looking for a day out by the sea or wanting to visit somewhere new, our train offers something for everyone.

It has been over a decade since we last visited Portsmouth, so we are excited to bring this wonderful city back to our list of exciting and historic destinations.

On Saturday 12<sup>th</sup> September, we will once again storm over the metals of South West England, with a double-headed express from Bristol to Plymouth and return, over the South Devon banks in both directions unassisted by diesel traction – offering the ultimate dream for enthusiasts of steam.

*The Mayflower*, named after a short-lived British Railways Western Region Express at the end of steam, presents an authentic and exciting mainline steam experience that is not often seen, re-creating scenes from the golden age of steam.

Leaving Birmingham Snow Hill in the early morning, hauled by diesel traction, our train will pick up at Stourbridge Junction, Droitwich Spa, Worcester Shrub Hill, Cheltenham Spa, Bristol Parkway and finally Bristol Temple Meads. The return from Bristol will also be diesel hauled.

Bristol is where the train really comes alive, as both of our Castle Class locomotives, Clun Castle and Earl of Mount Edgcumbe, will haul the Bristol to Plymouth, and return, leg of the journey. This will see the locomotives working hard, unassisted by diesel locomotive, over the challenging gradients of South Devon as well as thundering along the sea wall at Dawlish and estuary at Teignmouth.

This Christmas join us aboard our festive *White Rose* to the historic city of York for their award-winning Christmas Markets.

Our train heads from West to East across the Midlands, before turning northwards, arriving at the historic city of York in the early afternoon.

At our destination, you will have several hours with which to explore the Christmas markets and cobbled streets. Alternatively, why not explore the incredible and varied history of York, marvel at the majestic minster or if railways are more your thing, the National Railway Museum has plenty of exhibits and history for you to delve into from across the world, having recently been refurbished.

Our Pullman or First Class passengers can expect festively themed menus, with every carriage on the train suitably decorated to get you in the Christmas spirit.
